First Heat.—Arcola was the favortic against the field at five to one. There was some little trouble in getting the horses together for a far start, but after a little while they got in a cluster, and with the tap of the drum they went away flying. Nanny Rains taking the lead and opening a wide gap on the others around the turn, Thunder second, the Eclipse colt third, Glida fourth, Black Knight fifth, and Arcola sixth. This state of things did not last long, however, with the followers of the mare; for before they reached the quarter pole an entire change of position had taken place—the Eclipse coit was second, Arcola third, Black Knight fourth, Glida fifth, and Thunder sixth, Nannie Rains leading at least six lengths. She kept the gap open down the backstretch, and passed the half mile pole over six lengths ahead of the Eclipse, the others being strong out head and tail in the order named above. Going along the lower turn the gray shut up a little day-Right, the mare coming on the homestretch four lengths clear, and seemed to be winning sure; but about half way up she began to quit badly, and the others to close on her. She was soon overtaken by the Eclipse colt, who took the lead, and won by two lengths, Nannie secend, three lengths shead of Arcola, who was one length ahead of Black Knight, Thunder fifth, one length ahead of Black Knight, Thunder fifth, one length ahead of Glida. THE NAVY.

THE PAMOUS DOCK RACE BETWEEN THE ALGON-QUIN AND WINGOSKI.

After the two steamers had been lashed to the dock yesterday an objection was raised to the commencement of the race by Mr. Dickerson, whe claimed that some alteration should be made in his paddle wheels; but the inexorable agens of the Navy Department overruled him, and the sace was begun yesterday at eight o'clock. It soon attracted a great crowd, and became as amusing as a structure of the race on a great crowd, and in trusting to the reports of the engineers are left still deeper in the dark; for each officer asserts that his favorite vessel is "a long way ahead and constantly widening the distance."

THE STEAMSHIP PLORIDA OUT OF COMMISSION. THE STEAMSHIP FLORIDA OUT OF COMMISSION.

The steamship Florida, somewhat celebrated as the vessel that took the Presidential conspirators to the Dry Tortugas, Florida, has been ordered out of commission preparatory to being sold by auction. She was formerly one of S. L. Mitchell's Savannah steamers. During the war she occupied conspicuous parts in naval engagements, and was always considered a superior vessel. Her commander, Capitain Budd, recently offered his resignation, which was accepted by the Secretary of the Navy.

REPORTED FOR DUTY. Lieutenant Commander Ralph Chandler, United States Navy, reported for duty at the Navy Yard yesterday. REDUCTION OF WAGES.

The Navy Yard workmen's wages were reduced twenty five per cent per diem yesterday. This fact, coming suddenly as it did to the workmen, created great dissatisfaction and grumbling. It is thought, however, the affair will pass off quietly and the usual routine of yard duty will not be disturbed.

WE HAVE ONE PRINCIPLE OF LIFE,
AND BUT ONE PRINCIPLE OF DISEASE,
WHICH IS IMPURITY OF BLOOD.

This may show itself in an inflammation or a general derangement of the
LAWS OF LIFE,
but the part most affected is where
THE IMPURITY OF THE BLOOD SETTLES.
Purgation with BRANDRETH'S PILLS relieves the painful symptoms, and soon cures, whether the disease be Cholera, Disrrboan, Dysenterry, Rhoumatism or Costlveness.
Every case of disease is benefited by their use, and none
injured.
The following recent letter from the
Distinguished Patriot,
is submitted:—

BRANDRETH'S PILLS.
NEW YORK, May 50, 1866.

NEW YORE, May 30, 1866.

Hon, B. Brandberre:

My Dran Sir.—I have received the supply of your invaluable Pills which you have so kindly sent me. I have not only used them myself in South America, as well as in this country, for the last thirty years, never allowing myself to be without them, but have purchased them by the gross, to distribute to persons upon my estates and elsewhere, having found them effleations in almost every variety of disease, especially those peculiar to the Southern contingut. I esteem, therefore, very highly the supply you now sent me, and thank you very cordially for the kind words in which you convey your generous and friendly sentiments.

I am, very respectfully, your obedient servant,

JOSE A. PAEZ.

Principal office, Brandreth House, New York.
Observe my name in white letters in the g, s, on each bor which insures the true pills. All druggists sell them.
